Neurotrauma Synergy Symposium

Traumatic Brain Injury in Elderly Population

Opatija, 19 - 21 March 2020
Amadria Park Grand Hotel Opatija

Dear Colleagues,

we are proud to have the honour to invite You to the Neurotrauma Synergy Symposium: Traumatic Brain Injury in Elderly Population, in Opatija, Croatia. Symposium is organized by the Neurotrauma committee of WFNS, University of Applied Health Sciences, Center of translational and clinical research Zagreb, Southeast Europe Neurosurgical Society (SeENS), Croatian Society for Cerebrovascular and Endovascular Neurosurgery and Department of Neurosurgery, University Hospital Centre Sestre milosrdnice.

The scope of this Symposium focuses on the elderly neurotrauma patients from the site of the accident to the reintegration into the society and into their occupation following successful rehabilitation.

This issue can only be solved within the scope of scientific, multidisciplinary dialogue and mutual professional cooperation.

The Symposium lectures will reflect the rapid development and continuous breakthrough in the field of neurotraumatology. We will discuss the old and new standards of treatment from research to clinical practice and new technology.

Therefore, we are planning a very interesting and diverse program.

This Course is going to take place in Opatija, a charming coastal town with a rich history and culture, many fantastic locations, impressive monuments, well-manicured parks and magnificent villas that are waiting to be discovered. The beautiful city of Opatija offers so many attractions to visit in order to strengthen our friendship and exchange experience during the social events.

We are looking forward to welcome you in Opatija.

Sincerely,

Professor Krešimir Rotim
Honorary President of the SeENS
President of the Organizing Committee

City of Opatija

Opatija is located in the Kvarner Bay, at the foot of the Mount Ucka and some 15 km from Rijeka, Croatia's third largest city. The centre of the Riviera, Opatija is surrounded by numerous small towns and villages, from Volosko to Lovran, connected by a seafront promenade Lungo mare.

Opatija is very easy to reach; this Mediterranean oasis is now closer to Central Europe than ever before thanks to its network of new roads. You can, of course, choose other means of transport - a train station, airports and harbours are easily accessible within a 40 kilometre radius.

How to get to Opatija

By Air

Airport Distance: Opatija – Rijeka Airport 39 km, Opatija – Pula Airport 100 km, Opatija – Trieste Airport 104 km

Transportation from Zagreb Airport to Opatija will be provided by the organizers.

By Road

Main international roads are:

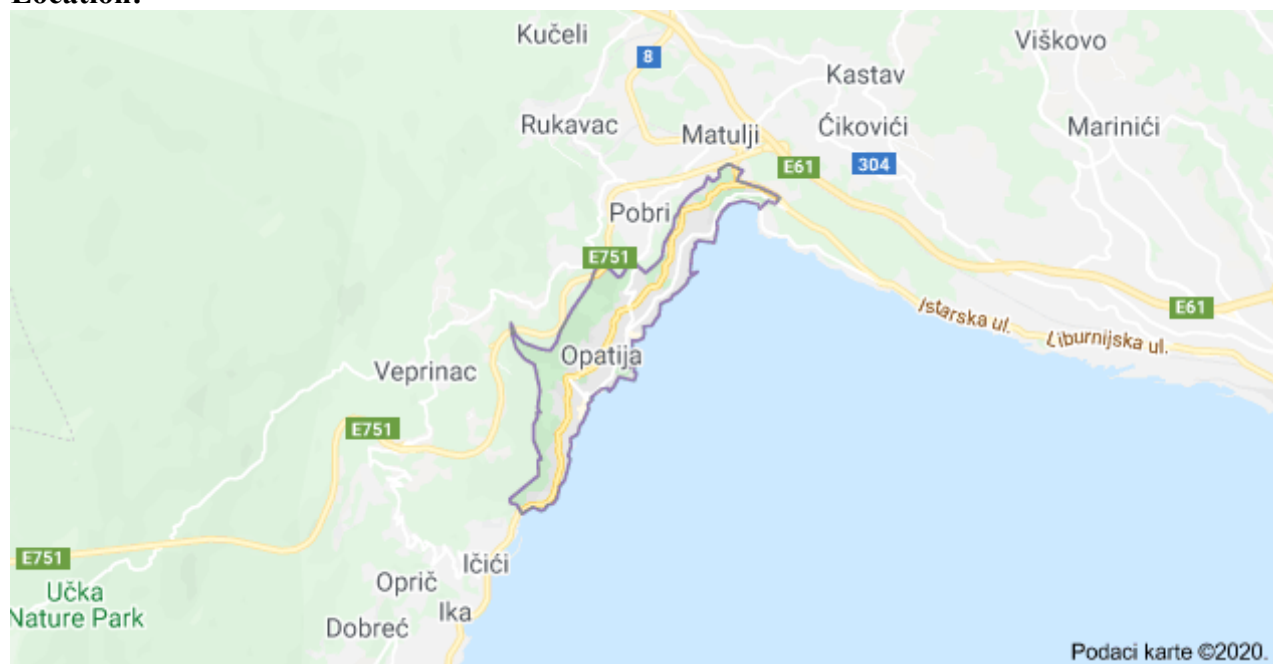

Trieste-Rijeka

Ljubljana-Rijeka
